

Welcome to Mother Goose Day Nursery

The Mother Goose Day Nursery is a full day nursery registered for Thirty-Three children. We take children ages 2 years to five years old in the nursery. The aim of the nursery is to meet the needs of individuals by offering a flexible childcare setting.

The Mother Goose Day Nursery is situated in the heart of Aldershot ST Michaels road, this has been established for over 25years. The setting is part of a family owned business Woodside Trading Ltd. The owners in conjunction with a highly skilled team draw on their expertise as fully qualified and experienced childcare professionals to create a stimulating homely environment for children.

The business also owns four other full day nurseries situated in the Southeast of England all rated good by Ofsted

The Mother Goose Day Nursery is managed by Helen Ross. Helen has a National Diploma in Children's Care, Learning and Development (NNEB) and has 26 years' experience in childcare covering all age groups and in a variety of different childcare environments. Helen is complimented by a strong, dedicated team, which help to create a warm and homely environment where children really do flourish. The majority of the staff have or are working towards their level 3 childcare qualification and have all been police checked, with some staff continuing further study to obtain a degree status in childcare specific studies. The owners have Early Years Teacher Status (the highest level of childcare qualification in the Early Years Environment).

The Mother Goose Day Nursery complies with the guidelines set out by OFSTED as part of our registration. All of the policies for the Mother Goose Day Nursery are available to view in the setting as well as on our website.

Our Philosophy

At the Mother Goose Day Nursery, we welcome all children and aim to give every child the opportunity to learn and develop in a safe, secure and loving environment we provide. This environment allows children to gain self-esteem, self-reliance and build friendships. Children also experience a wide range of play and learning activities to help develop language skills, imagination and creativity, social awareness and the understanding of concepts.

We pride ourselves on the personal and friendly service that we provide, with special emphasis on attention to individual requirements and preferences so that we are able to meet the children's individual needs.

Our Nursery

Our nursery has a warm and inviting atmosphere, recreating a home from home environment where the children in our care will feel secure and happy. We are open from Monday-Friday throughout the year except for public holidays and one week during Christmas. The nursery is open for 51 weeks of the year catering for ages 2 years to 5 years where there is an option for full days (8:00am-6:00pm) or half days (8:00am-1:00pm/1:00pm-6:00pm).

The Nursery consists of one main playroom which includes the extension of a conservatory giving more space for the children to explore. The nursery also has plentiful outdoor space so that learning, and development can be taken outside. The rooms have maximum numbers of children and the right staff to child ratio according to the guidelines set out by OFSTED.

We have a "settling in" period for the children prior to them starting the nursery as we understand how difficult the adjustment can be for both the child and the parent especially when being left for the first time. The parent or carer is required to stay for a maximum of 1 hour for the first settling in session.

We use an online portal system to track each child's individual development and each child will have a key carer that carries out observations and assessments to ensure that each child's individual needs are met. Please note that our main aim is to provide quality interactions with the children in our care to support steady progress so you may not receive an observation each session that your child attends, these may be sent weekly or two weekly.

Our Learning Zones

The main rooms hold a maximum of 33 children aged 18 months-5 years. The ratio for this age is 1:4 for 18-24 months and 1:8 for 3 years plus. The children in our setting are starting to become more independent and are encouraged to develop their self helps skills more widely. The children help to prepare their own snacks and take turns in serving snack out to each other as a way to build on their self-confidence. Weekly diaries on ey-man are used as a way of communicating with parents and carers.

Partnerships With Parents

We want everyone to feel welcome at the Mother Goose Day Nursery and the relationship between parents and staff is very important. We want to work together with parents to ensure we meet all the needs of each individual child. Every child has a key worker who will read the registration form that is completed by the parent so that they get to know more about their key child. The key worker will then be the first point of contact for the parents to discuss how their child is getting on. A parents evening will be held 2-3 times per year allowing parents a chance to talk to staff and view their child's work and learning profile in a more relaxed atmosphere. Parents are always welcome to help out in the nursery, and we hold days where other family members can join in.

Nursery Curriculum

The activities planned throughout the nursery underpin the Early Years Foundation Stage. We plan for every child's individual needs and appreciate that the parent's role is vital. We understand that in order for children to succeed in all areas of learning and development we need to plan to incorporate the child's interests and abilities.

The philosophy underpinning the Early Years Foundation Stage curriculum states that "every child deserves the best possible start in life and support to fulfill their potential". Practitioners delivering the Early Years Foundation Stage curriculum therefore supports each child's learning through planned play in the enabling environment through extending and developing each child's spontaneous play.

The Early Years Foundation Stage is part of a ten year strategy for all children ages 0-5 years.

Health and Safety

One of our key concerns is the health, safety and well being of your child while entrusted in our care. While in nursery every child is either with, or in sight of a carer at all times.

Illness

We want to keep an infection free environment within the nursery, and to obtain this we require parental co-operation. If your child is unwell with sickness, tummy upset or a heavy cold please do not bring him/her in to the nursery. There is a full list of infectious illnesses and exclusion periods later in the brochure to refer to. We have a strict policy with regards to administering non prescription medicines within the setting. Any prescribed medication we will administer ONLY with parental consent and after 48 hours of when the child was first prescribed it.

Accidents and First Aid

If a child has an accident it is dealt with and recorded then sent out via our eylog system which is countersigned by the parent or guardian. More serious accidents are dealt with through the appropriate emergency service, contacting the parents immediately. It is our aim that all staff will be first aid trained. Staff carry out a 12 hour first aid course which complies with the expectations from OFSTED.

Allergies

If your child has any allergy please inform us so that we can make note of this and make all staff fully aware and have the correct plan in place for your child.

Fire Procedure

We carry out regular fire drills so that everyone is aware of the procedure to evacuate quickly and safely with minimum distress to the children.

Door Security

At the start and end of the day a member of staff will be at the door to greet parents and children. No unknown persons will be allowed to enter the setting.

Collection of Children

If someone else is picking your child up please let us know before hand. A password or photo evidence will be required before collection.

Record Keeping

Every child has his/her own record file where emergency numbers are kept along with relevant health details. These are in a lockable cabinet but are accessible to staff quickly if needed.
